Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA2952SO

This certificate, issued to

R. T. Aerospace Corporation
Building 737, Opa Locka Airport
Opa Locka, Florida 33054

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*
*See TC Data Sheet A16WE for complete information

Original Product — Type Certificate Number: A16WE
Make: Boeing
Model: 737-200

Description of Type Design Change: Installation of a modified passenger cabin interior in accordance with R. T. Aerospace Drawing RT-B372500.4061, Revision "A", dated May 10, 1991, or later FAA approved revision.

This approval is limited to Boeing 737-200 S/N 23790. Data pertaining to this modification are considered inadequate for duplication in other airplanes. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 26, 1991
